**MARITIME SECURITY OPERATOR - REF CPWMSO/ASPIDA/1134**

Jane Horton,

I am writing to you with regard to applying for the Maritime Security Operator role of which I found advertised on Close Protection World. Please find attached my CV.

I am interested in applying for the Maritime Security Operator role as I believe I have the necessary attributes, skills and experiences to successfully fulfil the position as you can see from my CV. In addition to this my work ethic and professionalism would compliment that of Aspida.

I am a maritime security operator currently working as a team leader with REDfourMSS in the Indian Ocean, Arabian Sea, Gulf of Aden and Mozambique Channel. Prior to this I worked as team leader for Spirit Security Services off the West Coast of Africa. Before working in maritime security I served with The Royal Marines Commando completing operational tours of Bosnia, Iraq and transits in the Gulf of Oman and Mediterranean.

Whilst working with REDfourMSS I completed security ship surveys to establish areas for hardening and safe areas for crew before implementing further security measures. I also coordinated an armed local police team that worked in conjunction with the maritime security operators in the coastal waters off Nigeria on ship to ship liquid cargo operations. When working with Spirit Security Services I managed the escort and transportation of weapons from the UK to Oman.

I am currently studying a certificate in Maritime Terrorism.

I am available for interview from the 19th of August and can deploy immediately from that date.

Regards

Lucy Denton
